Notice for Internship Positions under CDRI-Funded Project

After approval from the competent authority, applications are invited for **two (02) Student Internship positions** under the CDRI-funded research project titled "*Repurposing Pine Needles into Thermal-Resistant Bio-Composites for Wildfire Mitigation*" (Project ID: 2411093068), at the Department of Biotechnology, GBPIET, Pauri Garhwal.

1. Eligibility:

Students pursuing or having completed (within the last two years):

- *B.Tech. / M.Tech. / M.Sc. in Biotechnology / Civil Engineering / Mechanical Engineering or Allied Disciplines.*

2. Duration:

Initially for **Three (03) months**, extendable based on performance and project requirements.

3. Stipend:

₹5,000/- per month (consolidated)

4. Nature of Work:

Selected interns will assist in laboratory experiments, fabrication and testing of bio-composite materials, and field sampling related to the project objectives.

5. How to Apply:

Interested candidates should fill out the online application form available at the following link:

[<https://forms.gle/kNATjvvAks8LmEU9>]

Applicants must **upload a single PDF** containing the following documents (in order):

- One-page Resume
- Mark sheets (High School onwards)
- Certificates of past training/experience (if any)

Last Date for Submission: [28 October 2025]

Shortlisted candidates will be informed via email.

Principal Investigator
(Dr. Suresh Chandra Phulara)

HOD
Biotechnology Department
