Ms. Priyanka Rawat

ONE DAY WORKSHOP

ON

SUSTAINABLE INFRASTRUCTURE AND DISASTER RISK MITIGATION IN THE HIMALAYA: PRESERVING CULTURE AND TRADITION

APRIL'15, 2026

PROGRAM OBJECTIVES

The One Day Workshop on Sustainable Infrastructure & Disaster Risk Mitigation in the Himalaya: Preserving Culture and Tradition aims to develop awareness and technical understanding among participants about the importance of sustainable infrastructure reducing disaster risks. The program focuses on introducing modern approaches to planning, design, and construction that improve the resilience and durability of infrastructure against natural hazards such as earthquakes, floods, landslides, and extreme weather events.

Another objective of the workshop is to familiarise students, researchers, and professionals with innovative technologies, materials, and engineering practices that support sustainable development and disaster-resilient infrastructure. The workshop also aims to provide a platform for knowledge sharing through expert lectures, case studies, and discussions on real-world challenges faced in disaster-prone regions.

Furthermore, the program intends to encourage interdisciplinary collaboration and critical thinking among participants so they can contribute effectively to disaster risk reduction and sustainable infrastructure planning in the future.

By the end of the workshop, participants are expected to gain practical insights and a broader perspective on how civil engineering can play a crucial role in building safer, more resilient, and sustainable communities.

ORGANIZED BY:

Department of Civil Engineering, Govind Ballabh Pant Institute of Engineering & Technology, Pauri-Garhwal, (Uttarakhand), INDIA In Association with Himalayi Lok Sampada Parishad and Hemvati Nandan Bahuguna Garhwal University, Srinagar-Garhwal, (Uttarakhand),

WHO SHOULD ATTEND?

This workshop is intended for students, research scholars, faculty members, and academic professionals who are interested in sustainable infrastructure and disaster mitigation strategies can attend the program to gain insights into modern approaches for building resilient and sustainable infrastructure.

Workshop Details

It will be conducted on April' 15, 2026 in offline mode at the Govind Ballabh Pant Institute of Engineering & Technology. The workshop will include expert lectures, technical discussions, poster presentations and knowledge-sharing sessions focused on disaster-resilient infrastructure. Certificates will be provided to all participants upon successful completion of the workshop.

Registration Details

No registration fee is required. Interested participants must fill out the registration form to attend the workshop at Govind Ballabh Pant Institute of Engineering Technology.

Registration is mandatory for participation.

Registration is open till April' 12, 2026

OUR VISION

TO PIVOT FOR THE EXCELLENCE IN TECHNICAL EDUCATION AND PRODUCING GLOBALLY COMPETENT PROFESSIONALS BY BUILDING THE STRONG TEACHING-LEARNING AND RESEARCH ENVIRONMENT.

GOVIND BALLABH PANT INSTITUTE OF ENGINEERING & TECHNOLOGY, GBPIET, Pauri, is an Engineering institute established by the Government of Uttar Pradesh in 1989 for imparting Engineering education and promoting technological environment in Garhwal region, the state and country. It started its first academic session from 1991-92 and since then the institute has always been a pioneer in solving practical problems and priorities of present scenario of the region. Govind Ballabh Pant Institute of Engineering and Technology courses are offered to students at the UG and PG levels. The institute is approved by AICTE and offers courses in Full Time mode. As a panacea, it aims at shaping engineers, whose number is at par with its counterparts anywhere in the country.

The students of GBPIET have already made a mark for themselves prestigious organisations and reputed institutes in India & abroad. Presently, the institute is an autonomous institute of the Government of Uttarakhand, affiliated the Uttarakhand Technical University, Dehradun since academic year 2006-07.

DEPARTMENT OF CIVIL ENGINEERING

The Department of Civil Engineering, in 22nd year of its establishment, has come a long way one Undergraduate degree programs in Civil Engineering and two Full-time Post-graduate program in Infrastructure and Geotechnical Engineering.

The Department has highly educated and well experienced faculty members who endeavour to produce finest engineers, contributing in their capacity to the nation.

ADVISORY COMMITTEE

Prof. N. K. Samadhiya, Head, Dept.
Engineering, Geotechnical Engg., IIT Roorkee

Prof. Sandeep Singh, Head,
Dept. of Earth Sciences, IIT Roorkee

Prof. V. A. Sawant, Geotechnical Engg., IIT Roorkee

Prof. R. D. Garg, Geomatics Engg., IIT Roorkee

Prof. Uttam Kumar Roy, Architecture & Planning,
IIT Roorkee

Prof. Hemwati Nandan Pandey, Dept. of Physics,
HNBGU Srinagar

Prof. S. K. Singh, Environmental Science and
Engineering, DTU

Er. Sumit Jain, GM/AGM, RVNL

Dr. H. C. Arora, Senior Principal Scientist, CBRI
Roorkee

Dr. Brijesh Singh, Scientist D, NCBM, Ballabgarh,
Haryana

Dr. Manojit Samanta, Senior Principal Scientist,
CBRI Roorkee

Dr. Ram Karan Singh, V.C.
ICFAI University, Dehradun

RESOURCE PERSONS

Dr. Narendra Singh (Scientist, ARIES)
Dr. Jaspal Singh Chauhan (HNBGU)
Prof. Hemwati Nandan (HNBGU)
Prof. Sandeep Singh (IT Roorkee)
Dr. Lokesh Joshi (Gurukul Kangri University)
Dr. Rohit Mahar (HNBGU)
Dr. Kavita Bhatt (HNBGU)
Dr. Digar Singh (HNBGU)
Dr. Surendra Puri (HNBGU)
Ar. Rainu Banga (Architect, Mohali, Punjab)
Lt Col Yogesh Paliwal (BEGC, Roorkee)
